This next phase provides for demolition of "non-historic" or unsound structures which obstruct visibility of the remaining restored school house and adjacent auditorium building. The completion of this work will facilitate the full utilization and historic restoration of this site. The attached Resolution allocates the sum of \$45,000 from the Town's budgeted Contingency Account. This amount supports demolition of the non-historic structures, site grading and filling, utility restoration, construction of an irrigation system, landscaping and small patio area with the remaining site restored with sod.
